    2. Launch Application
      - iOS NovoPresenter or iOS Mirroring
      - NovoPresenter or Android Mirroring
      - Desktop Streamer
    3. Scan the QR code or enter the PIN and IP address to connect

- **LauncherPlus Pairing**
  - **Purpose** – Pre-configure all the required network connection information to be compatible with paired NovoPro device. Truly Plug-n-Play for wireless presentation
Methods

- **Direct pairing with NovoPro** (NovoPro Device Firmware must be 2.3.1.225 and above)

  It will only take few seconds to complete the pairing. Make sure NovoPro is powered on, plug in LauncherPlus to the USB port in NovoPro device, it will start pairing automatically, the LED light and NovoPro screen will be showing the pairing progress. Once the configuration is done, follow the instruction to remove the paired LauncherPlus. It is plug-n-play for wireless presentation.

- **Remote pairing via remote manager** (refer the LauncherPlus user manual for the detail)
