

# vivitek NovoConnect

Make the connection. Deliver your message.  
Collaborate with confidence.

# Make meetings smoother, easier and more engaging.

When you come into a meeting you should just worry about the content not the technology. Vivitek brings the NovoConnect solution to help you achieve just that.

Rather than worry about cables or connectivity, NovoConnect is designed to wirelessly connect any device to the presentation screen. Anyone joining the meeting can wirelessly connect their laptop, tablet or smartphone to the NovoConnect solution. The NovoConnect solution can join all meeting participants and enable them to annotate or share and receive meeting files, while 4 can actively share their content on the split screen.

Best of all, all NovoConnect solutions are simple and user friendly, leaving you with the confidence to focus on the meeting and inviting collaboration from all participants.

## How to connect into one simple idea

**Connect** and mirror any device onto the main screen in the meeting with easy guest access thanks to LauncherPlus.

**Work** instantly with all participants - share files, share ideas and collaborate.

**Share** with up to 4 participants on screen, while 64 can be connected to share and annotate.

# NovoConnect Solution Features Summary

## Simple & Easy to Connect

---

**Cable-free presenting** eliminates the hassle and lets you get going in seconds.

---

Cross-platform screen mirroring lets everyone share from any device.

---

Connect quickly using QR code on mobile devices with NovoPresenter App.

---

Optional USB LauncherPlus for direct connectivity with zero impact on your network.

## Discussion & Collaboration

---

Enhance your meeting by sharing up to 4 screens simultaneously, while 64 participants can be connected to switch instantly.

---

Comment and collaborate in real time with digital annotation and highlighting.

---

Wirelessly share files, meeting minutes and snapshots with all participants.

---

Moderation functions keep you in control of the agenda.

## Productivity & Privacy

---

Start your meeting and customize the home screen with your logo, agenda or connection instructions.

---

With AES encryption and dual network management, security comes first.

---

Privacy and security are ensured thanks to PIN-protected guest access.

---

Dual-band WiFi and 2T2R connectivity ensure high standard of quality and performance.

# Every meeting deserves a NovoConnect

The NovoConnect Solution offers flexibility and can be simply deployed in any meeting room within the existing infrastructure, which eliminates the need to purchase any additional equipment. With the NovoConnect the employee and guest can easily share their content which leads to effective and productive meetings through increased collaboration.

## CEO office

A flat-panel display and NovoPro unit in the CEO's office lets him discuss and freely share ideas with guests and important clients.

## Mid-size meetings

In the medium-size meeting room, LauncherPlus lets guests connect and share with ease, and without disturbing the IT administrators working next door.

## Conference room

Be it weekly sales meetings, monthly results presentations or quarterly office parties, the big conference room is where the whole office comes together. With one NovoEnterprise and four LauncherPlus units, everyone can connect and collaborate with ease.

NovoConnect solution offers the choice of 3 main products to provide a cost-effective wireless offering for any size company or budget. To complement any NovoConnect solution, the LauncherPlus provides instant wireless laptop connectivity for guests without software installation.

# vivitek NovoConnect

## NovoEnterprise

NovoEnterprise is the supreme choice for SME and corporate meeting rooms. NovoEnterprise guarantees optimal connection performance. This ensures optimal standalone WiFi performance, even when demand on the available bandwidth is high. High quality transmission can stream video from your mobile device at up to 1080p.

## NovoPro

NovoPro is designed for the modern office environment, allowing for easy installation in multiple rooms in the office. Full integration in the existing network makes employee access easy, while a separate WiFi network for guest connections maintains data security.

## NovoConnect

NovoConnect is a wireless presentation system designed for the education market and based on the principle of BYOD - bring your own device. Innovative features include teacher control and preview and feedback features such as real-time polling.

## LauncherPlus

The LauncherPlus plugs into a laptop to make a direct WiFi connection to any NovoConnect device.

This plug-and-play USB dongle greatly simplifies the connection hassle. In addition, it has zero impact on the existing network which makes installation easy.
