

QUMI Q8

Ultra-Compact and Lightweight,
LED Projector Primed for Full HD 1080p Projection

FEATURES

- Native 1080p resolution with a 16:9 aspect ratio
- Up to 1,000 lumens and 30,000:1 contrast ratio for brilliant and sharp images
- Project a large 120" (diagonal) HD image
- Long life and energy efficient LED lamp has an estimated 30,000 hours of operation
- Wirelessly stream and project documents, photos, movies and other content
- MHL device compatibility for streaming of video and audio content from a compatible mobile device
- Integrated media and document viewer conveniently plays documents, photos, videos and audio files without connecting to a PC
- Display content directly from a USB flash drive or from the on-board memory
- Advanced display connectivity includes: HDMI/MHL, USB, internal Wi-Fi and 3D via DLP link or Blu-ray
- Horizontal and vertical keystone allows easy and care-free setup
- Up to four devices can simultaneously display content onto one large 4-to-1 split screen (requires QumiCast app); ideal for collaboration
- Built-in 2W audio speaker with audio-out port for use of external speakers
- The compact and light-weight profile, 1.4 lbs, gives the ultimate mobile flexibility

Qumi Q8

Q8 offers business presenters and travelers the ability to project HD video and data, anywhere. A feature-rich multimedia pocket projector, the Q8 projects from a variety of devices, including laptops, smart phones, tablets and USB, or directly from its 2.5 GB available on-board memory. It features a thin profile and is ultra lightweight, making it small enough to carry in a bag. The Q8 delivers bright and vividly colorful images with up to 1,000 lumens and a 30,000:1 contrast ratio. The convenient wireless content sharing from Android and iOS devices allows for on-the-go entertainment, in the palm of your hand. Watch movies or play games, even in 3D, on a large screen when relaxing. Made for the home or office — Qumi Q8.

ULTRA PORTABLE
