

## Customized Professional Learning NovoPro

The Vivitek team of highly qualified educators will develop a plan for your short-term or long-term professional development needs with a variety of learning options for your staff. We design and deliver engaging workshops on collaboration with the NovoPro. We strive to align our services with the instructional pedagogy your district has in place. Our goal is that your educators receive the information they need, in a manner that models their classroom practices. Our workshop styles include:

- Differentiated Instruction for mixed experience levels
- Blended Learning that models station rotation
- Blended Learning that models flipped classroom
- BYOD
- Project-based and Personalized Learning
- Google Apps For Education
- Gradual Release of Responsibility
- Direct Instruction with guided practice
- Online Learning

Number of Attendees	One Day Price (MSRP)	Concurrent Second Day (MSRP)
1-30	\$1250	\$699
31-60	\$1560	\$999
61-90	\$1875	\$1,299
91-119	\$2190	\$1,599
Customized	Call for Price	Call for Price

Since our training is for the NovoPro, a digital streaming device, we require that a NovoPro device is set up in advance in each training room (using the districts secure wifi network) and that all staff devices have the software downloaded in advance. If staff devices are BYOD, we can assist teachers with download of software, but that process will consume approximately 15-30 minutes of the training session.

*Prices are all-inclusive. Separate costs for mileage and planning have been eliminated.*

**To request professional development for the NovoPro:**

**Fill out this "Client Intake Survey"** <http://bit.ly/NPtraining>

*\*case sensitive, please capitalize the NP*

Availability of our Professional Services team may vary depending on the location of the school or district, or the time of year. Please fill out the Client Intake Form as far in advance as possible to ensure greater likelihood of getting the dates you need.

**Customized PD training options are available, call or email for a quote**
